**Convenience Translation of the Review Report Originally issued in Turkish
to English**

To the Board of Directors of Alternatifbank Anonim Şirketi

Introduction

We have reviewed the unconsolidated balance sheet of Alternatifbank Anonim Şirketi (“the Bank”) as at 31 March 2024 and the unconsolidated statement of profit or loss, unconsolidated statement of profit or loss and other comprehensive income, unconsolidated statement of changes in shareholders’ equity, unconsolidated statement of cash flows for the three month period then ended, and notes, comprising significant accounting policies and other explanatory information. The Bank management is responsible for the preparation and fair presentation of these unconsolidated interim financial information in accordance with the Banking Regulation and Supervision Agency Accounting and Reporting Legislation which includes “Regulation on Accounting Applications for Banks and Safeguarding of Documents” published in the Official Gazette No. 26333 dated 1 November 2006, and other regulations on accounting records of banks published by Banking Regulation and Supervision Agency (“BRSA”) and circulars and interpretations published by BRSA and the requirements of Turkish Accounting Standard 34 “*Interim Financial Reporting*” for the matters not regulated by the aforementioned regulations (together referred as “BRSA Accounting and Financial Reporting Legislation”). Our responsibility is to express a conclusion on these unconsolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (“SRE”) 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an opinion.

Basis for Qualified Conclusion

The Bank started to account its head office building at revalued amount instead of cost amount under the Turkish Accounting Standards 16 Property, Plant and Equipment as of 31 December 2018. The revaluation surplus in respect of the evaluation performed by valuation companies authorized by the Capital Markets Board ("CMB") and the Banking Regulation and Supervision Agency ("BRSA") is accounted under equity as accumulated revaluation increase/decrease of fixed assets. The Bank management performed the revaluation of this asset based on its revalued amount as of 27 December 2022, and adjusted the carrying amount of this asset in its unconsolidated financial statements as of January 2023. On 26 January 2024 performed the revaluation of this asset By The Bank management and adjusted the amount of this asset in its unconsolidated financial statements as of 31 March 2024. As of 31 December 2023, no revaluation has been performed by Bank management for this asset. If a revaluation had been performed for this asset as of 31 December 2023, property, plant and equipment (net) and other comprehensive income or expenses not to be reclassified to profit or loss within equity would have increased by TL 630,304 thousands and TL 441,213 thousands respectively, while deferred tax asset would have decreased by TL 189,091 thousands in the unconsolidated financial statements in the accompanying unconsolidated financial statements. Additionally, as of the interim period ending on 31 March 2024, accumulated other comprehensive income or expenses not to be reclassified in profit or loss would have been lower by an amount of TL 441,213.

The purpose and scope of the "General Communiqué of Tax Procedure Law No. 555" of Republic of Türkiye Ministry of Treasury and Finance published in the Official Gazette dated 30 December 2023 and numbered 32414 is to determine the principles and procedures regarding to inflation adjustments to be recognised in accordance with Article 298 of Law No. 213 and provisional Article 33 in 2023 and following accounting periods based on the fulfilment of the conditions for adjustments. The Bank management did not subject the tax-based financial statements to inflation adjustment as of 31 December 2023, but reflected the adjustment in their financial statements as of 31 March 2024. As of 31 March 2024, in the unconsolidated financial statements, deferred tax assets, deferred tax income, and therefore the net profit for the period, would need to be decreased by TL 134,572 thousand, while the retained earnings account would need to be increased by TL 134,572 thousand, and the account for accumulated other comprehensive income or expenses not to be reclassified to profit or loss would need to be decreased by TL 25,979 (as of 31 December 2023: deferred tax assets, deferred tax income, and therefore the net profit for the period would need to be increased by TL 134,572 thousand, while the account for accumulated other comprehensive income or expenses not to be reclassified to profit or loss would need to be increased by TL 25,979).

Qualified Conclusion

Based on our review, except for the effects of the matter described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the accompanying unconsolidated interim financial information does not present fairly, in all material respects, its unconsolidated financial position of Alternatifbank A.Ş. as at 31 March 2024 and its unconsolidated financial performance and unconsolidated cash flows for the three month period then ended in accordance with the BRSA Accounting and Financial Reporting Legislation.

Report on Other Regulatory Requirements Arising From Legislation

Based on our review, nothing has come to our attention that causes us to believe that the financial information provided in the interim activity report in section seven of the accompanying unconsolidated interim financial information is not consistent, in all material respects, with the reviewed unconsolidated interim financial information and explanatory notes.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2024

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated).

SECTION THREE

EXPLANATIONS ON ACCOUNTING POLICIES

I. Basis of Presentation

As prescribed in the Article 37 of the Banking Act No. 5411, the Bank prepares its financial statements and underlying documents in accordance with the "Regulation on the Procedures and Principles for Accounting Practices and Retention of Documents by Banks" and other regulations, explanations and circulars on accounting and financial reporting principles announced by the Banking Regulation and Supervision Agency ("BRSA") and Turkish Accounting Standards ("TAS") published by Public Oversight Accounting and Auditing Standards Authority ("POA") except for BRSA regulations. TAS consists of Turkish Accounting Standards, Turkish Financial Reporting Standards and related appendices and interpretations.

The unconsolidated financial statements have been prepared in TL, under the historical cost basis as modified in accordance with inflation adjustments applied until 31 December 2004, except for the financial assets and liabilities carried at fair value. Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.

The preparation of unconsolidated financial statements in conformity with BRSA Accounting and Reporting Legislation requires the use of certain critical accounting estimates by the Bank management to exercise its judgment on the assets and liabilities of the balance sheet and contingent issues as of the balance sheet date. These estimates are being reviewed regularly and, when necessary, suitable corrections are made and the effects of these corrections are reflected to the income statement.

In the announcement dated 23 November 2023 made by the POA, it was stated that the financial statements of companies applying TFRS for the annual reporting period ending on or after 31 December 2023 must be presented adjusted for the inflation effect within the scope of Financial Reporting in High Inflation Economies ("TAS 29"), however authorities or organizations authorized to regulate and supervise their fields are given the freedom to determine different transition dates for the implementation of inflation accounting. In this context, BRSA, with its decision dated 12 December 2023 and numbered 10744, decided that the financial statements of banks, financial leasing, factoring, financing, savings financing and asset management companies will not be subject to the inflation adjustment required within the scope of TMS 29 until 1 January 2025. In this context, inflation adjustment required within the scope of TMS 29 is not implemented while preparing the financial statements as of 31 March 2024.

The differences between accounting principles, as described in the preceding paragraphs and accounting principles generally accepted in countries in which the accompanying unconsolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in the accompanying unconsolidated financial statements. Accordingly, the accompanying unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

The accounting policies and valuation principles applied in the preparation of these financial statements and valuation principles are defined and applied in accordance with BRSA Accounting and Reporting Legislation. Those accounting policies and valuation principles are explained in Notes II to XXVIII below.

Additional paragraph for convenience translation to English:Y

The differences between accounting principles, as described in the preceding paragraphs and accounting principles generally accepted in countries in which the accompanying consolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in the accompanying unconsolidated financial statements. Accordingly, the accompanying unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

II. Explanations on Strategy of Using Financial Instruments and Foreign Currency Transactions

A major portion of the Bank's funding has fixed interest rates; almost all TL placements consist of low-risk short-term transactions. Liquidity risk is monitored closely and the adequacies of available resources (which will be due within a certain period of fulfillment of obligations) are closely monitored. The maturity structure of placements is aimed to be in line with the maturities of resources of the country to the extent permitted by current conditions.

Risk bearing short term positions of currency, interest or price movements in money and capital markets is evaluated within the trading risk. The Bank evaluated the required economic Capital for trading risk and based on that risk limits are determined. This portfolio, being priced by the market on a daily basis and the limits are monitored on a daily basis. Risk limits are approved by Board of Directors once a year following the approval of the budget except a revision is required due to the economic conditions.

The Bank does not have any investment in foreign companies as of 31 March 2024 and 31 December 2023.

EXPLANATIONS ON ACCOUNTING POLICIES (Continued)

III. Explanations on Associates, Subsidiaries and Joint Ventures

The Bank has two subsidiaries resided in Turkey, which are Alternatif Finansal Kiralama A.Ş., Alternatif Yatırım Menkul Değerler A.Ş. Non-public traded subsidiaries are Alternatif Finansal Kiralama A.Ş. ve Alternatif Yatırım Menkul Değerler A.Ş., they are accounted for cost value according to "Individual Financial Statements" ("TAS 27") and if they have provision for impairment, provision is deducted, after reflected to financial statements.

The Bank has not any recognize as foreign currency association and subsidiaries as of 31 March 2024 and 31 December 2023.

The Bank has not any joint ventures as of 31 March 2024 and 31 December 2023.

iv. Interest Income and Expense

Interest income and expenses are recognized in the income statement by using the "Effective interest rate method". Net book value of the non-performing loans (Gross Book Value - Expected Credit Loss) are rediscouned through effective interest rate and recognized through the gross book value of the non-performing loan.

V. Fee and Commission Income and Expense

Except for the banking services revenues are recognized as income at the time of collection, commission income related with the cash and non-cash loans are deferred and recognized as income by using with the effective interest rate method in accordance with TFRS 15 "Revenue from Contracts with Customers" standard. Depending on nature of fees and commission income derived from agreements and asset purchases for third parties are recognized as income when realized.

Fees and commission expenses paid to the other institutions are recognized as operation cost in the prepaid expense and recorded using the effective interest rate method and reflected to expense accounts in related period according to periodicity.

VI. Financial Assets

The Bank categorizes its financial assets as "Fair Value through Profit/Loss", "Fair Value Through Other Comprehensive Income" or "Measured at Amortized Cost". Such financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part 3 Issued for classification and measurement of the financial instruments published in the Official Gazette No. 29953 dated 19 January 2017 by the Public Oversight Accounting and Auditing Standards Authority. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than "Financial Assets at Fair Value through Profit or Loss", transaction costs are added to fair value or deducted from fair value.

The Bank recognizes a financial asset into financial statements when it becomes a party to the contractual terms of a financial instrument. During the first recognition of a financial asset into the financial statements, business model determined by Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Bank's management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments are made to earnings, losses or interests that were previously recorded in the financial statements.

a. Financial Assets at Fair Value through Profit or Loss

Financial assets at fair value through profit/loss are financial assets other than the ones that are managed with business model that aims to hold to collect contractual cash flows or business model that aims to collect both the contractual cash flows and cash flows arising from the sale of the assets; and if the contractual terms of the financial asset do not lead to cash flows representing solely payments of principal and interest at certain date; that are either acquired for generating a profit from shortterm fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making. Financial assets at the fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. All gains and losses arising from these valuations are reflected in the income statement.

VI. Financial Assets (Continued)

b. Financial Assets at Fair Value through Other Comprehensive Income

A financial asset is measured at fair value through other comprehensive income when both of the following conditions are provided:

- Financial assets within a business model that aims to hold to collect contractual cash flows and aims to hold to sell,
- Financial asset with contractual terms that lead to cash flows are solely payments of principal and interest at certain dates.

Valuation of such assets is based on its fair value. "Unrealized gains and losses" arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income reflected and impairment of the asset and they are accounted under the "Accumulated other comprehensive income or expense to be reclassified through profit or loss" under shareholders' equity. In case of sales, the realized gain/losses are recognized directly in the income statement. During initial recognition an entity may irrevocably elect to record the changes of the fair value of the investment in an equity instrument that is not held for trading purposes in the other comprehensive income.

c. Financial Assets Measured at Amortized Cost

A financial asset is measured at amortized cost when both of the following conditions are provided:

- Financial assets within a business model that aims to hold to collect contractual cash flows,
- Financial asset with contractual terms that lead to cash flows are solely payments of principal and interest at certain dates.

Financial assets measured at amortized cost are initially recognized at acquisition cost including the transaction costs which reflect the fair value of those instruments and subsequently recognized at amortized cost by using "Effective Interest Rate Method". Interest income obtained from financial assets measured at amortized cost is accounted in income statement.

d. Derivative Financial Assets

The Bank uses derivative financial instruments to hedge its foreign currency and interest rate risk.

The major derivative instruments utilized by the Bank are foreign currency swaps, interest rate swaps, currency forwards, currency futures and currency options.

Derivatives are initially recorded with their fair values and related transaction costs as of the contract date are recorded on gain or loss. The following periods of initial reporting, they are measured with their fair values. The result of this assessment, offsetting debit and credits stemming from each contract debit and credits are reflected to the financial statements as a contract-based single asset and liability. The recognition method of profit/loss is based on whether the related derivative is hedged or not, and the content of the hedged instrument.

The Bank notifies in written the relationship between hedging instrument and related account, risk management aims of hedge and strategies and the methods using to measure of the hedge effectiveness. The Bank evaluates the method of hedge whether to be effective on the expected changes in fair values in this process or not or each result of hedge effectiveness whether to be between the range of 80% and 125%.

Changes in fair values of derivative transactions determined as hedge for fair value are recorded in profit or loss together with changes in hedging asset or liability.

VI. Financial Assets (Continued)

d. Derivative Financial Assets (Continued)

The difference in fair values of derivative transactions used for fair value hedge is presented in the used for fair value hedge is presented in the "Trading Gains/Losses on derivative financial instruments" account. In the balance sheet, the change in fair value of hedge asset or liability during the hedge accounting to be effective is shown with the related asset or liability. In case of inferring hedge accounting, corrections made to the value of hedge account using straight-line amortization method within the days to maturity are reflected to "Trading gains/losses on derivative financial instruments" account in income statement.

Derivative financial instruments of the Bank are classified under "TFRS 9 Financial Instruments" ("TFRS 9"), "Derivative Financial Assets Designated at Fair Value through Profit or Loss" or "Derivative Financial Assets Designated at Fair Value through Other Comprehensive Income". In accounting policy choice, TFRS 9 provides the option of postponing the acceptance of TFRS 9 hedge accounting and continuing with TAS 39 "Hedge accounting". In this context, the Bank continued to apply TAS 39 "Hedge accounting".

The notional amounts of derivative transactions are recorded in off-balance sheet accounts based on their contractual amounts. "Financial instruments at fair value through profit or loss" are measured at fair value. If the fair value of derivative financial instruments is positive, it is disclosed under the main account "financial assets at fair value through profit or loss" in "derivative financial assets held for trading" and if the fair value difference is negative, it is disclosed under "derivative financial liabilities held for trading". Fair value changes are recorded under "Derivative Financial Transactions Gains/ (Losses)" in the income statement. The fair values of the derivative financial instruments are calculated using quoted market prices or by using discounted cash flow models.

e. Loans

Loans are financial assets which are created by providing money, goods or services to the debtor. Loans are recognized at acquisition cost which is reflecting the fair value after that measured at amortized cost using the effective interest rate method. Any fees and other similar charges paid for assets received as collateral are not considered as part of the transaction cost and reflected in the expense accounts.

Cash loans in personal and corporate loans, according to the Uniform Chart of Accounts ("UCA") and Prospectus are recognized in accordance with their original balances in the account specified.

The foreign exchange indexed commercial and individual loans are being monitored by the exchange rate of the opening date over Turkish Lira in the TL accounts. Repayments are calculated at the exchange rate at the date of payment, the resulting exchange differences are recognized in the income and expense account.

VII. Impairment of Financial Assets

The Bank allocates impairment for expected loss on financial assets measured at amortized cost and measured at fair value through other comprehensive income.

As of 1 January 2018, the Bank recognizes provisions for impairment in accordance with TFRS 9 requirements according to the "Regulation on the Procedures and Principles for Classification of Loans by Banks and Provisions to be set aside" published in the Official Gazette dated 22 June 2016 numbered 29750. In this framework, as of 31 December 2017, method of provisions for impairment as set out in accordance with the related legislation of BRSA is changed by applying the expected credit loss model under TFRS 9.

VII. Impairment of Financial Assets (Continued)

The Bank estimates the expected credit losses for a financial lease based on the probabilities determined by taking into account the probable outcomes and estimates the fair value of the money and the estimates of past events, current conditions and future economic conditions at reasonable rates, and reflects supportable information during the reporting period.

The Bank calculates the expected credit loss individually or by grouping the financial assets that bear the common credit risk characteristics according to the risk level determined by the bank.

Within the scope of internal policies, the Bank, evaluates the calculation of credit losses in accordance with TFRS 9, as an individual assessment based on expert opinion. In this context, the Bank takes into account the weight of the estimating the probability of scenario of the occurrence or failure of the related loan losses and reduced expected cash flows to the reporting date with effective interest rate.

The Bank uses three basic parameters in the calculation of expected credit loss as default rate, loss in default and default amount. The calculation is also based on these scenarios, time value of money, the historical observed data and the forecasting of the macroeconomic situation.

In the calculation of expected credit loss, the Bank includes the prospective macroeconomic information in to the credit risk parameters. In this context, economic models based on the relationship of credit risk parameters with macroeconomic variables are established based on multi-scenario, and the models mainly take into account the basic macroeconomic variables such as Gross Domestic Product (GDP) and Unemployment Rates. The efficiency and adequacy of the models used in the calculation of credit losses are reviewed at regular intervals. In the light of the said data, the Bank has been revised the macroeconomic indicators for the future in the expected credit loss calculation.

Financial assets included in TFRS 9, is divided into three stages according to the change in loan quality after initial recognition and the expected credit loss is calculated according to the stage:

- Stage 1: For the financial assets at initial recognition or that do not have a significant increase in credit risk since initial recognition. Impairment for credit risk is recorded in the amount of 12-month expected credit losses.
- Stage 2: In the event of a significant increase in credit risk since initial recognition, the financial asset is transferred to Stage 2. For these assets, lifetime expected credit losses are recognized.
- Stage 3: Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recognized.

➤ **Definition of Default:**

Default means, when the borrower's payment obligations which against to the Bank, delays more than 90 days from the date of payment in part or in full, or he is not pay.

➤ **Considered as a significant increase in credit risk:**

- Overdue receivables of more than 30 days
- Receivables followed in close monitoring portfolio
- Restructured receivables due to payment difficulties
- Receivables from non-problematic consumer loans from individual customers with problematic consumer loans
- Receivables exceeding the established thresholds for the differences between the default probabilities measured at the time of the financial statements and the default probabilities observed at the reporting date

VIII. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to offset the recognized amounts and to collect/pay related financial assets and liabilities on a net basis, or there is an intent on to realize the asset and settle the liability simultaneously. Otherwise, any related financial assets and liabilities are not offset.

IX. Sales and Repurchase Agreements and Securities Lending Transactions

Funds obtained by the Bank from repurchase agreements ("repo") are accounted under "Money Market Balances" in liabilities.

The Bank's repurchase agreements are composed short-term government bonds and treasury bills. Financial assets subject to repurchase agreements, parallel to the classification of financial instruments, the fair value recognition in profit or loss, are classified as available for sale or held to maturity financial assets. Repo subjected financial assets' income recognized in interest income, while expenses paid under repurchase agreements are recognized in interest expenses.

Funds given against securities purchased under agreements to resell ("Reverse Repo") are accounted under "Money Market Placements" on the balance sheet.

X. Assets Held for Sale and Discontinued Operations

In accordance with TFRS 5 standard ("Non-current Assets Held for Sale and Discontinued Operations"), a tangible asset (or a group of assets to be disposed) classified as "asset held for resale" is measured at lower of carrying value and fair value less costs to sell. An asset (or a group of assets to be disposed) is regarded as "asset held for resale" only when the sale is highly probable and the asset (or a group of assets to be disposed) is available for immediate sale in its present condition. For a highly probable sale, there must be a valid plan prepared by the management for the sale of asset including identification of possible buyers and completion of sale process. Furthermore, the asset should be actively in the market at a price consistent with its fair value.

The Bank classified assets that were acquired due to non-performing receivables, as assets held for sale.

A discontinued operation is a part of the Bank's business classified as sold or held-for-sale. The operating results of the discontinued operations are disclosed separately in the income statement.

As of 31 March 2024 and 31 December 2023 The Bank has no discontinued operations.

XI. Goodwill and Other Intangible Assets

There is no goodwill in unconsolidated financial statements as of balance sheet date.

The intangible assets which are purchased before 1 January 2005 have been restated for the effects of inflation and the intangible assets after this date are presented with their purchase cost, accumulated depreciation and amortization and impairment. According to the regular amortization method, long term assets depreciate regarding to their useful lives. The amortization method and the period are reviewed in each year-end. The intangible assets are mainly consisted of software programs and rights and according to the straight line method of depreciation, they amortize in between 3 to 15 years.

XII. Property and Equipment

Property and equipment is measured at its cost when initially recognized and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement. Subsequently, property and equipment are carried at cost less accumulated depreciation and provision for impairment, if any.

Properties and equipments are being depreciated by applying the straight-line method, in accordance with the Tax Procedure Law which estimates the useful lives.

The depreciation charge for items remaining in property and equipment for less than an accounting period at the balance sheet date is calculated in proportion to the period the item remained in property and equipment.

If properties and equipments' value, adjusted for inflation (until 31 December 2004) is higher than the current value, exceeding amount is being allocated for impairment and determined amounts are reflected in the financial statements. Gain or loss resulting from disposals of the property and equipment is reflected to the income statement as the difference between the net proceeds and net book value. Expenditures for the repair and renewal of property and equipment are recognised as expense. There are no pledges, mortgages or other restrictions on the properties and equipments.

Tangible assets within the property's net book value by comparing the fair value determined as of the last year by a licensed real estate appraisal companies, In case of an indication of the presence related to the fair value impairment, the recoverable amount of the asset "Turkey Related to Impairment Accounting Standards" (TAS 36) are estimated within the framework and the recoverable amount is below the asset's book value, a provision for impairment is separated and formed is recognized in "Other Operating Expenses" in the relevant period.

Gains or losses on disposals of property, plant and equipment are recognized in the statement of profit or loss as the difference between the net book value and the carrying amount of the property, plant and equipment.

The Bank has started to account properties under the tangible assets with their revalued amount instead of cost values in accordance with "TAS 16 Plant and Equipment" on 31 December 2018. As of 31 March 2024, the revaluation difference arising from the valuations made by the appraisal firms authorized by Capital Markets Board ("CMB") and BRSA is accounted in Investment Properties Revaluation Differences line under the Shareholders' Equity.

XIII. Leasing Transactions

The Bank assesses whether the contract has the quality of a lease or whether the lease includes the transaction at the beginning of a contract. In case the contract is transferred for a certain period of time to control the use of the asset defined for a price, it is either leased or includes a lease. The Bank reflects the existence of a right of use and a lease liability to the financial statements at the effective date of the lease.

Right of use assets:

The right to use asset is first recognized by cost method and includes:

- The initial measurement amount of the lease obligation,
- The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease,
- All initial direct costs incurred by the Bank

When the Bank applying the cost method, the existence of the right to use:

- Accumulated depreciation and accumulated impairment losses are deducted and
- Measures the restatement of the lease obligation at the restated cost.

The Bank applies depreciation obligations in TAS 16 property Tangible Assets while depreciating its right of use asset.

The Lease Obligations:

At the effective date of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Bank's average borrowing interest rates, if that rate can be easily determined. If this rate can not be easily determined, the Bank uses the Bank's alternative borrowing interest rate.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease. After the effective date of the lease, the Bank measures the leasing liability as follows:

- Increase the book value to reflect the interest on the lease obligation
- Reduces the book value to reflect the lease payments made and
- The book value is measured to reflect reassessments and restructuring, or reflect to fixed lease payments as of revised nature.

The interest on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic interest rate to the remaining balance of the lease liability. "TFRS 16 Leasing" Standard was promulgated in Official Gazette No. 29826, dated 16 April 2018 to be applied in the accounting period starting on 31 December 2018. The Bank applied TFRS 16 "Leasing" standard, which replaced TAS 17 "Leasing", as of 1 January 2019, the date of first implementation.

As of 31 March 2024, net right of use assets are amounting to TL 20,735 and net lease liabilities are amounting to TL 9,652, respectively. (31 December 2023: net right of use assets TL 23,053, net lease liabilities TL 16,067).

XIV. Provisions, Contingent Commitments and Contingent Assets

Provisions and contingent liabilities except for the specific and general provisions recognized for loans and other receivables are accounted in accordance with the "Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets" (TAS 37).

Provisions are recognized when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are determined by using the Bank Management's best expectation of expenses in fulfilling the obligation, and discounted to present value if material. When the amount of the obligation cannot be estimated and there is no possibility of an outflow of resources from the Bank, it is considered that a "Contingent" liability exists and it is disclosed in the related notes to the financial statements.

XV. Obligations Related to Employee Rights

Obligations related to employee termination and vacation rights are accounted in accordance with "Turkish Accounting Standard for Employee Rights" ("TAS 19"). Under the Turkish Labor Law, the Bank is required to pay a specific amount to the employees who have retired or whose employment is terminated other than for the reasons specified in the Turkish Labor Law. The reserve for employment termination benefits represents the present value of the estimated total reserve for the future probable obligation arising from this liability. Actuarial gains and losses are accounted for under equity.

XVI. Taxation

a. Corporate tax

Article 32 of the Corporate Tax Law No. 5520, which regulates the corporate tax rate is amended with "Law on the Amendment of Additional Motor Vehicles Tax for Compensation of Economic Losses Caused by the Earthquakes Occurring on 6/2/2023 and Amendments to Some Laws and the Decree Law No. 375", which includes the regulation on increase in corporate tax rate from 20% to 25% for the institutions other than banks and financial institutions and from 25% to 30% for banks and financial institutions, entered into force after being published in the Official Gazette dated 15 July 2023 and numbered 32249. This rate implemented tax base by adding non-deductable expenses and deducting other exemptions to business profit according to tax requirements. If the profit is not distributed, no other tax are paid.

With the "Law on Giving Tax Procedure Law and Corporate Tax Law", which was accepted on the agenda of the Turkish Grand National Assembly on 20 January 2022, the application of discount accounting was started from the record on 31 December 2023.

Dividends paid to non-resident corporations, which have a place of business in Turkey or to resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 10%. An increase in capital via issuing bonus shares is not considered as profit distribution and thus does not incur withholding tax.

Corporations are required to pay advance corporate tax quarterly at a current rate on their corporate income. Advance tax is declared by the 15th and paid by the 17th day of the second month following each calendar quarter end. Advance tax paid by corporations which is for the current period is credited against the annual corporation tax calculated on their annual corporate income in the following year. Despite the offset, if there is temporary prepaid tax remaining, this balance can be refunded or used to offset any other financial liabilities to the government.

A 75% portion of the capital (With the Law, No. 7061 Amendment of Certain Taxes and Laws and Other Acts promulgated in the Official Gazette, dated 5 December 2017, the exemption applied as 75% was decreased to 50% to be effective as of the promulgation of the Law for the mentioned sale of properties.) gains derived from the sale of equity investments and immovable properties held for at least two years is tax exempt, if such gains are added to paid-in capital or held in a special account under shareholder's equity for five years.

Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to five years. Losses cannot be carried back to offset profits from previous periods.

There is no practice of reconciling with the tax authority regarding taxes to be paid in Turkey. Tax returns are required to be filled and delivered to the related tax office until the evening of the 25th of the fourth month following the balance sheet date. Tax returns are open for five years from the beginning of the year following the date of filing during which period the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

XVI. Taxation (Continued)

a. Corporate tax (Continued)

The corporate tax effects related to transactions accounted for directly in equity are also shown in equity. The corporate tax effects related to transactions accounted for directly in equity are also shown in equity. As of 31 December 2023, the conditions sought for inflation adjustment in the calculation of corporate tax have been fulfilled, within the framework of the repeated provision of Article 298/ C of the Tax Procedure Law. These conditions are both the exceed in the increase of Producer Price Index in the last 3 accounting periods including current period by 100% and the exceed in the increase in the current period by 10%. However, temporary article 33 has been added on the Tax Procedure Law No. 213 with the regulation made with the Tax Procedure Law and the Law on Change in Corporate Tax Law No. 7352 published in the Official Gazette No.31734 dated 29 January 2022, the application of inflation adjustment in the calculation of corporate tax was postponed to 2023. According to this, the financial statements for the 2022 and 2023 accounting periods, including the provisional tax periods, are not subject to inflation adjustment, and for the 2023 accounting period; are not subject to inflation adjustment as of the provisional tax periods, and the financial statements dated 31 December 2023 will be subject to inflation adjustment regardless of whether the inflation adjustment conditions are met or not. Profit/loss difference arising from inflation adjustment in the financial statements are to be shown in previous years' profit/loss accounts and does not affect the corporate tax base.

According to Article 17 of the Law No. 7491 on Amendments to Certain Laws and Decree Laws published in the Official Gazette No. 32413 dated 28 December 2023, it has become law that profit/loss differences arising from the inflation adjustment to be made in the 2024 and 2025 accounting periods, including the provisional tax periods, do not be taken into account in determining the income of banks, companies within the scope of the Financial Leasing, Factoring, Financing and Savings Financing Companies Law No. 6361 dated 21 November 2012, payment and electronic money institutions, authorized foreign exchange institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies. Within the scope of this paragraph, the President is granted the authority to extend the periods determined herein, including interim tax periods, for a period equal to one accounting period.

With the Communiqué Amending the General Communiqué on Tax Procedure Law (line no. 547) published in the Official Gazette No. 32073 on 14 January 2023, the procedures and principles of the law articles that allow the revaluation of immovables and depreciable economic assets have been rearranged. Accordingly, economic assets subject to depreciation in the Bank's balance sheet are subject to revaluation provided that they meet the conditions in the Tax Procedure Law Provisional Article 32 and Reiterated Article 298/ç. Since the financial statements were subject to inflation adjustment as of March 31, 2024, real estate and depreciable economic assets were not subject to revaluation as of March 31, 2024. Corporate tax is calculated by taking into account the depreciation allocated on the revalued amounts of real estate and depreciable economic assets until December 31, 2023.

b. Deferred taxes

The Bank calculates and accounts for deferred income taxes for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these financial statements in accordance with "Turkish Accounting Standard for Income Taxes" ("TAS 12") and the related decrees of the BRSA concerning income taxes. In the deferred tax calculation, the enacted tax rate, in accordance with the tax legislation, is used as of the balance sheet date.

Article 32 of the Corporate Tax Law No. 5520, which regulates the corporate tax rate is amended with "Law on the Amendment of Additional Motor Vehicles Tax for Compensation of Economic Losses Caused by the Earthquakes Occurring on 6/2/2023 and Amendments to Some Laws and the Decree Law No. 375" , which includes the regulation on increase in corporate tax rate from 20% to 25% for the institutions other than banks and financial institutions and from 25% to 30% for banks and financial institutions, entered into force after being published in the Official Gazette dated 15 July 2023 and numbered 32249. With the same article (article 21) of the aforementioned law, it is ensured that the corporate tax rate, which was applied with a reduction by 1% to the earnings of the exporting companies exclusively from exports, is applied with a reduction by 5% in order to promote export.

This amendment will be effective for the earnings of the corporations in 2023 and for the following tax periods, starting from the declarations that must be submitted after 1 October 2023. It will be effective in the tax calculation of the profits of the institutions subject to the special accounting period, obtained in the special accounting period starting in the 2023 calendar year and in the following taxation periods.

As of 31 March 2024, 30% deferred tax has been calculated for assets and liabilities by the Bank.

Deferred tax liabilities are recognized for all resulting temporary differences whereas deferred tax assets resulting from temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deferred tax assets can be utilized.

The calculated deferred tax asset and deferred tax liability are presented as net in these financial statements.

c. Transfer pricing

Transfer pricing is regulated through article 13 of Corporate Tax Law titled “Transfer Pricing through camouflage of earnings”. Detailed information for the practice regarding the subject is found in the “General Communiqué on Disguised Profit Distribution via Transfer Pricing”. According to the aforementioned regulations, in the case of making purchase or sales of goods or services with relevant persons/corporations at a price that is determined against “arm’s length principle”, the gain is considered to be distributed implicitly through transfer pricing and such distribution of gains is not subject to deductions in means of corporate tax.

XVII. Additional Explanations on Borrowings

Debt instruments with different characteristics such as syndicated borrowings and post-financing obtained from foreign financial institutions, marketable securities issued in domestic and foreign markets and money market borrowings are major funding source of the Bank. Mentioned borrowings are carried initially at acquisition cost and subsequently recognized at the discounted value calculated using by “Effective interest rate method”.

XVIII. Explanations on Share Certificates and Issuance of Share Certificates

At capital increases, the Bank accounts the difference between the issued value and nominal value as “share issue premium under shareholders” in equity, in the case where the issued value is higher than the nominal value. There is no decision of Bank for dividend distribution after the balance sheet date.

XIX. Explanations on Avalized Drafts and Acceptances

Guaranteed bills and acceptances shown as liabilities against assets are included in the “Off-balance sheet commitments”.

XX. Explanations on Government Incentives

As of 31 March 2024 and 31 December 2023, the Bank does not have any government incentives.

XXI. Profit Reserves and Profit Distribution

Retained earnings as per the statutory financial statements other than legal reserves are available for distribution, subject to the legal reserve requirement referred to below. Under the Turkish Commercial Code ("TCC") the legal reserves are composed of first and second reserves. The TCC requires first reserves to be 5% of the profit until the total reserve is equal to 20% of issued and fully paid-in share capital. Second reserves are required to be 10% of all cash profit distributions that are in excess of 5% of the issued and fully paid-in share capital. However holding companies are exempt from this application. According to the Turkish Commercial Code, legal reserves can only be used to compensate accumulated losses and cannot be used for other purposes unless they exceed 50% of paid-in capital.

In accordance with the decision of the Ordinary General Assembly dated 27 March 2024, The Parent Bank has decided to allocate 5% of the legal reserve over the net distributable profit, TL 119,537 will be paid in cash as dividend to the shareholders after BRSA approval and transfer the remaining amount to the extraordinary reserves within the framework of the Articles of Association and the Turkish Commercial Code.

XXII. Earnings Per Share

Earnings per share disclosed in the income statement are calculated by dividing net profit/(loss) for the year to the weighted average number of shares outstanding during the period concerned.

	31 March 2024	30 March 2023
Profit/(Loss) Attributable to Shareholders	538,832	300,796
Weighted Average Number of Issued Ordinary Shares (Thousand)	2,213,740	2,213,740
Earnings/(Losses) Per Share (Disclosed in full TL)	0.2434	0.1359

In Turkey, companies can increase their share capital by making a pro-rata distribution of shares "bonus shares" to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period.

No bonus shares were issued in 2024 (31 December 2023: None).

XXIII. Related Parties

For the purpose of these financial statements, shareholders, key management personnel and board members together with their families and companies controlled by/affiliated with them, and associated companies are considered and referred to as related parties in accordance with "Turkish Accounting Standard for Related Parties" ("TAS 24").

The transactions with related parties are disclosed in detail in Note VII. of Section Five.

XXIV. Cash And Cash Equivalents

The Internal Assessment Process of Internal Capital Adequacy Regarding the Current and Future Operations

The ultimate objective of the internal assessment process of capital requirement is to sustain considering assess the capital adequacy of the Parent Bank in line with the risk profile and risk appetite by considering the Parent Bank's strategies, credit growth prospects, structure of assets and liabilities, future funding sources and liquidity, and dividend distribution policy and possible fluctuations in the capital due to the economic cycle.

Within this scope, legal and internal capital requirements are assessed prospectively, along with the annual targets of the Parent Bank, in parallel to the preparation of 5 year strategic plans. In the process of assessing internal capital requirements, the credit risk, market risk, and operational risks, in the first pillar, and the interest rate risk resulting from the Parent Banking accounts, concentration risk, business risk, reputation risk, model risk, and exchange risk are also included.

The risks that the Parent Bank can encounter due to its operations are being evaluated in budget works and the possible capital requirements according to The Parent Bank's goal and strategies are evaluated.

The evaluation of legal and internal capital ratio requirements considers normal conditions as well as the stress conditions. The stress scenarios are designed after estimation of post macroeconomic variables, the effects of these variables on the loan costs and market risk factors (exchange rate, interest rates etc.). The effects of stress scenarios on capital, income, risk weighted assets and capital requirement are calculated.

Internal assessment of internal capital requirement is considered by the Parent Bank as an improving process and further upgrades to this method is planned for the future.

II. Explanations on Credit Risk

Not prepared in compliance with the Article 25 of the communiqué "Financial Statements and Related Disclosures and Footnotes to be announced to Public by Banks".

III. Explanations on Currency Risk

The difference between the Bank's foreign currency denominated and foreign currency indexed on and off-balance sheet assets and liabilities is defined as the "Net Foreign Currency Position" and it is the basis of currency risk. Another important dimension of the currency risk is the change in the exchange rates of different foreign currencies in "Net Foreign Currency Position" (cross currency risk).

The Bank keeps the amount at currency risk within the legal limits and monitors the foreign currency positions daily/momentarily. Even though the Bank's determined foreign currency limit is minimal compared to the legal limit, the positions throughout the year did not exceed the limits. Term option contracts such as swap and forward are used for hedging the currency risk. Stress tests are performed to mitigate the fluctuations of the exchange rates.

The Bank's publicly announced foreign exchange bid rates as of the date of the financial statements and for the last five days prior to that date

IV. Explanations on Interest Rate Risk

Assets, liabilities and off-balance sheet items' interest rate sensitivity are measured.

The expected impact on the financial position and on the cash flow of the bank due to the fluctuations in the market interest rates are being followed within the framework of Asset-Liability management principles and also interest rate risk limits restricted on balance sheet by the Board of Directors. These limits also impose restriction to indirect profit centers can carry on maturity mismatches.

The Bank has not encountered to any significant interest rate risk in last period.

Average interest rates applied to monetary financial instruments reflect market rates.

V. Explanation on Stock Position Risk

None.

VI. Explanations on Liquidity Risk Management and Liquidity Coverage Ratio

There is a liquidity limit approved and monitored on a weekly basis by the Bank Risk Committee. This limit is used by the Assets-Liability Management Committee for deciding to funding sources composition and pricing policy.

Maturity and interest rate mismatches impact on profitability and capital is measured using scenario analysis.

The Bank's most important source of liquidity is deposits denominated in TL and foreign exchange deposit accounts. In addition, there are also borrowing opportunities available from Borsa İstanbul repo market, Takas Bank and Interbank market.

In accordance with the "Regulation on calculation of Bank's liquidity coverage ratio", published in Official Gazette no. 28948, dated 21 March 2014, as of 2019 the deposit banks are subject to set 100% and 80% liquidity ratios for Total and Foreign Currency accordingly. The liquidity ratio is calculated by dividing the high quality liquid assets by net cash outflows.

1.a. Information on liquidity risk management regarding how to provide communication with the Board of Directors and lines of business for risk capacity of the Bank, liquidity risk, responsibility and structure of management, reporting of Bank's liquidity risk, liquidity risk strategy, policies and practices.

Liquidity risk management aims to take necessary measures in a timely manner and correct way with respect to potential liquidity shortage caused by cash flow mismatches of Bank's balance sheet structure and/or market conditions. It is on ground of the meeting the liquidity needs cash and disposable borrowing resources at specified level and time of held deposits and other liabilities creating liquidity. Bank monitors liquidity position both in terms of foreign currency and total liquidity basis.

According to the liquidity risk management about the liquidity position, necessary guidance to the line of businesses and pricing are performed by the Asset and Liability Management Department by taking into account the cash flow of the Bank with maturities. Liquidity risk informations are reported regularly to the such Asset and Liability Committee and Management Risk Committees. The liquidity risk parameters determined within the frame of liquidity risk parameters are monitored and reported to the business units by Risk Management consistently. The actions need to be taken in conditions such as convergence and excess of limits are decided by Asset-Liability Committee.

1.b. Information on the centralization degree of liquidity management and funding strategy and the operation between the Bank and the Bank's shareholders:

The responsibility of liquidity risk management in accordance with the risk appetite determined by the Board of Directors belongs to the Treasury Asset-Liability Management Department. Risk Management Department is responsible for determining the level of bank-wide liquidity risk and its measurement, monitoring and reporting. Liquidity management and funding strategies of Bank and its shareholders are determined by Bank's Asset and Liability Management Committees and monitored by the Treasury Department.

1.c. Information on the Bank's funding strategy including policies on diversity of fund terms and resources

For the Bank's effective, correct and sustainable liquidity risk management, it is provided to be followed by the relevant committees with the approval of Liquidity Management Policy Board. The Bank's core funding source has been targeted as a deposit. Non-deposit funding sources are used to provide a variety of core sources and maturities. These resources are mainly syndicated loans, subordinated loans and bond issuances. Despite term of deposits are determined by market conditions and generally on short term basis, it is aimed to collect the deposits of customers who have high stickiness to the Bank. Non-deposit sources also preferred because they are more long-term resources.

VI. Explanations on Liquidity Risk Management and Liquidity Coverage Ratio (Continued)

1.d. Information on liquidity management on the basis of currencies constitute the minimum five percentage of the Bank's total liabilities

Turkish Lira, US Dollars and Euros are the currencies that constitute the minimum five per cent of the Bank's liabilities. It is intended to have effective foreign currency and liquidity risk management analyzing these currencies on foreign exchange and total liquidity management basis. Liquidity gap analysis are measured and managed with the same way. Deposits and other long term sources should be preferred, performing liquidity management on currency basis, in order to avoid the increase of market risk fluctuations on foreign currency positions.

1.e. Information on current liquidity risk mitigation techniques

Liquid assets as defined under Basel III are held with the intention of liquidity risk management managing the Bank's liquidity risk. Market liquidity and maturity of liquid assets are considered as risk reduction for liquidity management. In this context, the range of liquid assets is important in the management of liquidity risk. Potential risks are minimized by avoiding concentration of liquid assets during the potential liquidity needs and the Bank's ability to fulfill its obligations.

1.f. Information on the use of stress testing

Within legal framework stress tests on the basis of the liquidity risk are performed at the beginning of the each year. The test results are presented with the details of the stress test and ICAAP report annually. The Board of Directors approve the stress test results and they are shared with the BRSA during the process. In addition to these stress tests, cash flow and liquidity position analyzes are maintained according to the Bank's internal needs.

In addition, the liquidity risk stress tests are conducted regularly on a monthly basis and reported to the senior management together with the results.

1.g. General information about the emergency and contingency liquidity plan

Information on emergency and contingency liquidity plan is detailed in the Bank "Emergency Funding Plan Policy". Definitions regarding the liquidity crisis and actions that the Bank may take against a liquidity crisis that may occur in the market are implemented the action plan outlined. The Bank's special liquidity crisis levels set out in alarm conditions and the parameters to be monitored as an indicator are detailed. Liquidity Crisis Committee members and the Committee's duties and responsibilities are determined for the Bank's stress scenarios specific to the market and the Bank.

INFORMATION ON THE FINANCIAL POSITION AND RISK MANAGEMENT OF THE BANK (Continued)

VI. Explanations on Liquidity Risk Management and Liquidity Coverage Ratio (Continued)

3. Banks explanations as a minimum regarding the liquidity ratio:

3.a Important factors affected by the results of Liquidity Coverage Ratio and the change of the items taken into account in the ratio calculation over time.

Despite all components have significant role, bond and reverse repurchase amounts cash outflows/unsecured debts of due to banks line, cash outflows/irrevocable commitments or revocable contingent commitments of off balance sheet liabilities, cash inflows/unsecured receivables of due from financial institutions are high volatile assets. Related items have an effective role on variability of ratio.

3.b Explanations on the components of high-quality liquid assets:

High-quality assets is generated by cash balances and Central Bank and issued debt securities by those with 0% risk weightings of credit quality level risk. The changes in the reverse repo balance at the period effects high-quality asset stock value.

3.c Funding source components and the intensity of them in all funds

Basically deposits, loans and subordinated loans as unsecured debt items have the most significant portion in Bank's funding balances. As of 31 March 2024, the proportion of total liabilities to all deposits of the bank is 37% and borrowings constitutes 26% portion whereas subordinate debt is 14%. Secured borrowings such as repo transactions has lower portion (9%).

3.d Information about the outflows arising from derivative transactions and the possible completing collateral transactions

Cash outflows arising from derivative product balances are occurred when bank derivative product liabilities are higher than the derivative receivables. Net cash outflows declined in the periods when the cash inflows arising from derivative products are higher than the derivative liabilities. As of 31 March 2024, there are no derivative assets (31 December 2023: None). In addition, cash outflow balances are reported with calculation against the change of derivatives fair value. This calculation is performed by checking the output margin within last 24 months of the counterparty balance. The maximum value in the past 24 months is considered as cash outflow as of reporting date. In this context, according to calculations as of 31 March 2024, the liability balance is computed as TL 758,849 in case of a change in fair value of derivatives products (31 December 2023: TL 761,747).

3.e Counterparty and fund resources on the basis of products and concentration limits on collaterals

As of 31 March 2024, 66% of the Bank's time deposit cap arised from retail banking. The remaining time deposits are constituted from legal entities. Another significant funding resource of borrowings generated from foreign banks (99%). As of 31 March 2024, 27% of the subordinated loans which are subject to capital adequacy calculations provided from The Commercial Bank (P.S.Q.C.).

3.f The liquidity risk for the potential funding needs for the bank itself, the branches in foreign countries and its consolidated partnerships with considering the operational and legal factors inhibiting the liquidity transfer

In the current position of the Bank and its consolidated subsidiaries, there are no such risks drawing attention.

3.g The information about the other cash inflows and outflows located in the liquidity leverage ratio calculation but not located in the second paragraph of disclosure template and considered as related with liquidity profile

In this context, there is no excluded cash inflow and outflow in statements on the current situation.

VII. Explanations on Leverage Ratio

Explanations about the aspects that cause the difference between the leverage ratios of current and prior years

The Bank's unconsolidated leverage ratio is 14.90% and calculated in compliance with "Regulation on Measurement and Evaluation of Leverage Levels of Banks" (31 December 2023: 14.16%). Increase in the leverage ratio is mainly due to the decrease in total risk. Regulation has been arrived at a decision of the minimum leverage ratio of 3%.

X. Explanations on the Risk Management

a. Risk Management and General Information on Risk Weighted Amount

Notes and explanations in this section have been prepared in accordance with the Communiqué on Disclosures about Risk Management to Be Announced to Public by Banks that have been published in Official Gazette no. 29511 on 23 October 2015 and became effective as of 31 March 2016. According to the Communiqué these notes have to be presented on a quarterly basis. Due to usage of standard approach for the calculation of capital adequacy by the Bank, the following tables have not been presented as of 30 June 2023:

- RWA flow statements of credit risk exposures under Internal Rating Based (IRB)
- RWA flow statements of CCR exposures under the Internal Model Method (IMM)
- RWA flow statements of market risk exposures under an Internal Model Approach (IMA)

1. The Bank's risk management approach

Bank's risk management approach is defined as creating added value for shareholders, customers and employees in parallel with the Bank general business strategy by increasing the efficiency of Bank activities within the framework of risk-return relationship in accordance with the best practices and legal requirements.

The Risk Strategy and its governance are set by the Board of Directors (the Board). The Board has the ultimate responsibility for the management of all risks assumed and faced by the Bank. The Board manages risk through the Audit & Compliance; Risk; Executive Committees.

While the risk appetite at the Bank is linked to the overall risk management framework and business strategy of the Bank, the update of Risk Appetite statement approved by the Board and monitoring of the Bank's risk profile management are provided within Risk Management Department general responsibility.

Banking risks include in general credit risk, market risk, operational risk, liquidity risk, interest rate risk in banking accounts, concentration risk, country risk, strategic risk and reputation risk and Bank risk appetite is a statement of the limits of these risks.

Risk Appetite monitoring activities are reported to the Board Risk Committee and Audit Committee. In case of any Risk Appetite threshold breach occurs, it is ensured that the risk management treatment and business controls are implemented to bring the exposure levels for each metric back within an acceptable range as approved by the BOD.

Issues related to Bank's work programs and business objectives are discussed in the Board Risk Committee, and necessary acknowledgment, monitoring and approval processes are performed herein.

Practices of defining, measuring with analytical methods, analyzing, reporting risks and regularly monitoring the general risk levels in order to ensure systematical management of incurred consolidated and unconsolidated-based risks of the Bank and its affiliates are performed.

The Bank identifies measures, assesses, monitors the risks it is exposed to by way of using internationally recognised quantitative and analytical techniques found suitable for the Bank in particular, and reports related results to the Top Management. The Bank also monitors the compliance of credit facilities and treasury operations etc. with the Bank's risk policies administer internal reporting and monitor the results on a regular basis.

The Bank adopts an integrated approach to stress-testing and conduct stress tests on a bank-wide basis and on a consolidated basis where applicable, providing a spectrum of perspectives at portfolio and risk-specific levels.

Stress tests are conducted for key risk factors within Market Risk, Credit Risk, Operational Risk, Structural Interest Rate Risk, Concentration Risk and Liquidity Risk areas and other risks if deemed material level and the impact of stress is measured on the Bank's solvency and liquidity.

ALTERNATİFBANK A.Ş.**NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS****FOR THE PERIOD ENDED 31 MARCH 2024***(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated).***INFORMATION ON THE FINANCIAL POSITION AND RISK MANAGEMENT OF THE BANK (Continued)****XI. Explanation on Hedge Accounting**

Starting from 24 March 2014, the Parent Bank has balanced the fair value effects of changes in libor interest rates, fixed interest rate by applying hedge accounting with the interest rate swap nominal value of TL 55,000 with maturity 5 years.

As of 24 March 2019, the difference of TL 379 resulting from the changes in the fair values of the loans that are subject to fair value hedge accounting will be amortized until 25 December 2023.

The Bank evaluates the method of hedge whether to be effective on the expected changes in fair values in this process or not or each result of hedge effectiveness whether to be between the range of 80% and 125%.

Changes in fair values of derivative transactions determined as hedge for fair value are recorded in profit or loss together with changes in hedging asset or liability. The difference in current values of derivative transactions fair value hedge is shown in "Trading Gains/Losses on derivative financial instruments" account. In the balance sheet, change in fair value of hedge asset or liability during the hedge accounting to be effective is shown with the related asset or liability. If the underlying hedge does not conform to the hedge accounting requirements, according to the adjustments made to the carrying value (amortised cost) of the hedged item, for which the risk is hedged by a portfolio hedge, are amortized with the straight line method within the time to maturity and recognized under the "Trading gains/losses on derivative financial instruments" account.

As of 31 March 2024, the Bank has no derivative transactions determined as fair value hedging.

The Bank applies cash flow hedge accounting using interest rate swaps to hedge its TL and FC deposits with short term cyclical basis. The Parent Bank implements effectiveness tests at the balance sheet dates for hedge accounting; the effective parts are accounted as defined in TAS 39, in financial statements under equity "Hedging reserves", whereas the amount concerning ineffective part is associated with income statement.

Derivative financial instruments which used as hedging instruments in Cash Flow Hedge accounting are swap interest transactions. Those derivative financial instruments are summarized in the following table:

	31 March 2024			31 December 2023		
	Principal Amount (*)	Asset	Liability	Principal Amount (*)	Asset	Liability
Derivative financial instruments						
Interest rate swaps	-	-	-	800,000	17,462	-
Total	-	-	-	800,000	17,462	-

(*) The sum of purchase and sale legs of the transactions.

In cash flow hedge accounting, when the hedging instrument expires, is executed or sold and when the hedge relationship becomes ineffective or is discontinued as a result of the hedge relationship being revoked; the hedging gains and losses that were previously recognized under equity are transferred to profit or loss when the cash flows of the hedged items are realized.

Explanations and Notes on Liabilities (Continued)****g. Information on provisions****1. Provisions for employee benefits**

In accordance with Turkish Labor Law, the reserve for employment termination benefits is calculated as the present value of the probable future obligation in case of the retirement of employees. TAS 19 necessitates actuarial validation methods to calculate the liabilities of enterprises.

In accordance with the revised TAS 19 Standard, Actuarial losses has recognized under the equity, amount of after deferred tax TL 7,859 as of 31 March 2024 (31 March 2023: TL 16,110 Loss).

The following actuarial assumptions were used in the calculation of total liabilities.

	31 March 2024	31 December 2023
Discount Rate(%)	1.93	1.93
Ratio Used for Probability of Pension (%)	86.67	86.67

The principal actuarial assumption is that the maximum liability will increase in line with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the effects of future inflation.

As of 31 March 2024, The Bank has provision for employee benefits amount of TL 29,843 (31 December 2023: 21,433) provision of unused vacation amount of 15,604 TL (31 December 2023: TL 10,447).

Message from the Chairman

Esteemed Stakeholders,

We emerge from a period marked by fluctuating global risk perceptions and rising expectations of central bank rate cuts. However, recent data, particularly persistent inflation in the US and robust employment indicators, have led to a postponement of these expectations to the second half of the year. This shift aligns with the ongoing geopolitical uncertainties, including the Ukraine-Russia conflict and rising tensions in the Middle East, which are contributing to elevated global commodity prices. We anticipate continued risk volatility and the potential emergence of new challenges in the coming months.

From an economic perspective, the first quarter of the year witnessed an upward revision of global growth expectations, initially set at 3.1% at the beginning of the year. This revision is attributed to the stronger-than-anticipated growth projections for developed economies, which have been adjusted from 1.5% to 1.7%.

Turning our attention to the Turkish economy, we observe that the first quarter of 2024 was marked by the Central Bank of the Republic of Türkiye (CBRT)'s proactive approach in addressing inflationary pressures. The CBRT implemented a combination of tightening monetary and macroprudential measures. Alongside these measures, we witnessed the conduct of local elections, an event that remained independent of the prevailing economic policies. This, in our view, represents a positive development for the Turkish economy, demonstrating a commitment to policy continuity. Looking ahead, we anticipate that the CBRT's efforts to combat inflation will continue unabated throughout the remainder of the year.

As Commercial Bank, we are proud to commemorate our 50th anniversary this year. Drawing upon our half-century of experience, we remain steadfast in our unwavering support for the Turkish economy and banking sector. For over a decade, we have been a proud shareholder of Alternatif Bank, and we are delighted to witness its remarkable transformation in recent years. Guided by its new strategy centered on "digitalization and exceptional customer experience," Alternatif Bank is confidently striding towards the future. Its performance and financial achievements in the first quarter serve as a testament to the bank's unwavering commitment to its goals.

We hold unwavering faith in Alternatif Bank's ability to continue generating exceptional value for its customers, society, and the Turkish economy, just as it has done so remarkably in the past. We extend our heartfelt congratulations to the entire Alternatif Bank family for their achievements during the past period.

Yours faithfully,

Omar Hussain Alfardan
Board Chairman

I. Interim Period Activity Report Consisting Bank Chairman and CEO's Evaluation in Reference to Interim Period Activities (Continued)

Message from the CEO

Dear stakeholders,

We have completed another challenging quarter marked by the ongoing conflict between Russia and Ukraine and the escalating tensions between Israel and Iran in Middle East. Rising geopolitical uncertainties have gradually created volatility in the markets, particularly leading to an increase in commodity prices. During this period, the inflation process continued to be a determining factor in the global economy, while the most important issue in the first quarter of 2024 was the course of inflation, which remained high in the US, and the delayed interest rate cut process.

Looking at the Turkish economy, in the first quarter of the year, we observed that the Central Bank of the Republic of Türkiye (CBRT) pursued partly simplifying and partly tightening steps towards macroprudential measures as well as the ongoing tightening in monetary policy. Local elections held at the end of the first quarter were one of the important agenda items for the Turkish economy. The fact that the current economic policies were independent of the election results was a positive development for the markets. In the rest of the year, the effects of high inflation and the new measures taken and to be taken by the CBRT will be decisive in the economic outlook for 2024.

As Alternatif Bank, we have successfully completed the first quarter of 2024, a period when economic dynamics have been so volatile and macroeconomic uncertainties have continued, with successful financial results in line with our defined targets. With our competent team, strong corporate governance standards, and intense efforts in the field of individuals and digitization, we have continued to fulfill our responsibilities to our stakeholders and the country's economy by taking steady steps towards our goals.

Looking at our consolidated first quarter 2024 figures, we see that our total asset size has reached TL 71 billion. We have maintained our high asset quality by implementing effective balance sheet management in the first three months of the year. During this period, the support provided by our Bank to the country's economy with cash (including financial leasing receivables) and non-cash loans reached TL 66 billion. The Bank's equity also reached TL 6.8 billion, while its capital adequacy ratio was 27.2% during this period. With the successful performance we have demonstrated as of the first quarter of 2024, Alternatif Bank's consolidated net profit was TL 553 million.

During this period, we began to see the results of our 'pursuit of excellence in customer satisfaction', which is an important place among our strategic priorities. In this sense, we were pleased to offer our renewed mobile application to our customers by implementing another milestone that we consider important. With our service model that combines the ease of digital banking, which is one of the most important points that makes us stand out in competition, with the human touch, and our renewed mobile application, I believe that we have once again demonstrated our Bank's claim in the field of individual and digital banking.

The first quarter of the year was also a period when we carried out important work in our lending processes in line with our customer base expansion goals with strong growth. During this period, we completed and put into production our Pre-Approved Limit Automation project. I believe that we will make significant progress with the developments and applications that we aim to complete by the end of the year in the lending processes that we accelerated in the first three months of the year.

In addition to the fundamental mission we undertake in the banking sector and the successfully carried out activities in this direction, we continue our work on the Accessible Banking journey without slowing down. In the first quarter of 2024, we shared with the public the results of our research project that we started in August 2023 to measure our social impact in the field of Accessible Banking. We are also proud that this project is the first comprehensive social impact research that can be an example in Türkiye on the subject of Accessible Banking. The research objectively showed that our Bank is progressing with the right steps in reaching the change and impact it wants to create. The comprehensive measurements and findings we obtained with the study will shape our work in the following process.

Our unwavering commitment to healthy growth and the achievement of our ambitious financial goals is firmly anchored in the unwavering trust placed in us by our shareholder, Commercial Bank, alongside our robust capital structure and sound corporate governance framework. With the strength we derive from this support and the dedicated approach of our experts in their fields, we are moving forward towards our long-term growth goals as Alternatif Bank. On this occasion, I would like to thank all my colleagues, our valued customers, our shareholder, whose support we always feel, our valuable Board of Directors who guide us with their experience and experience, and all our stakeholders.

King regards,

Ozan Kirmizi
